

Hypatia's Zine

A Zine for **women academics**

We look for Interviewees

? Are U a PhD student, an experienced researcher, or someone who has decided for a different path after delving into the academic world?

? Have U ever been perturbed by incidents that arise due to your gender, skin color, country of origin, or other elements that make up who we are?

? Are U aware of these issues in your working environment?
How do they affect U?

In Hypatia's Zine

- we **connect** women academics & **share** stories
- we **confront** limitations, whether self-generated or externally imposed & **rediscover** the strength within us
- we **provoke** changes to empower women & **meet** a better self
